Index for Year 2004 Bulletins

This index was created to help readers find articles that appeared in the March, June, September, and December 2006 issues. All the articles are listed alphabetically by title or subject matter. Some of the articles may include information that is no longer current because of changes in the law or as the result of court decisions. If there is a conflict between an article and the law, the law is controlling.

You can obtain copies of listed bulletins by visiting our website at www.boe.ca.gov. Or call 800-400-7115. Please specify the bulletin issue date when ordering.
